## Brief Introduction of the Tenderer

We, **Liaoning MEC Group Co., Ltd.**, have its history that dates back to the year of 1978, when the company named Liaoning Machinery & Equipment Imp. & Exp. Corporation was established, handling the import and export business of machinery and equipment under the leadership of the Ministry of Machinery of P.R. China. With the fast development and expansion of the company, in 1997, approved by the Ministry of Foreign Economic Relations and Trade of China, the company was restructured and changed its name into Liaoning MEC Group Co. Ltd. Now the company is a comprehensive share holding group composed of 7 share holders of various kinds of ownership. The company has a large scope of business involving in international project engineering and contracting, international trade, domestic trade, industrial production, investment and tourism.

We have 5 sub-companies including 20 different import & export departments and about 180 qualified staff members in the company's headquarter specializing in international project and trade activities. The company also has 11 sub-companies in other cities within Liaoning Province and 6 sub-companies abroad.

Among these branches and departments, Rail Vehicle Division has been founded in 2003 dealing in export of various kinds of rolling stocks, manufacture and maintenance equipment for rolling stocks, and other spares parts for rolling stocks.

During last five years, Rail Vehicles Division of MEC has been achieving a lot in International market.

- In year 2005, 96 units of meter gauge oil tank wagon and 4 units of brake van were delivered to Bangladesh Railway by us;
